

COOKIE POLICY

This site uses cookies - small text files that are placed on your machine to help the site provide a better user experience. In general, cookies are used to retain user preferences, store information for things like shopping carts, and provide tracking data to third party applications like Google Analytics. As a rule, cookies will make your browsing experience better. However, you may prefer to disable cookies on this site and on others. The most effective way to do this is to disable cookies in your browser. We suggest consulting the Help section of your browser or taking a look at <https://www.aboutcookies.org> which offers guidance for all modern browsers.

We use Google Analytics to give us insights into how you interact with our website and to support display advertising. The advertising includes the display, by third parties such as Google, of advertising messages across the internet. This will include adverts that are based on your previous visits to our website.

We and third-party vendors, including Google, use cookies to inform, optimise and serve adverts based on someone's history of visiting our website and also to report on how ad impressions, other uses of advertising services and interactions of these advertising services are related to visits to the site.

If you do not wish to allow the use of Google Analytics for advertising, you can opt out using the <https://adssettings.google.com>.

If you do not wish to allow the use of Google Analytics cookies at all, Google provides an opt-out plug-in for most common website browsers which you can find <https://tools.google.com/dlpage/gaoptout> here.
